

Patient Care & Info

Since 1942, the UCSF Department of Psychiatry has provided compassionate and effective psychiatric care for thousands of adults, adolescents and children. At our treatment centers in San Francisco and Fresno, we offer care for all ages and social groups, and we can help you.

We provide advanced and caring psychiatric treatment services through our inpatient, partial hospitalization and outpatient programs, for a wide range of conditions: depression, anxiety, attention deficit disorder and many others.

Find out more about the services offered at our primary locations:
