Volunteer Opportunities

Langley Porter Psychiatric Hospital & Clinics

Langley Porter Psychiatric Hospital & Clinics does not have open recruitment for potential volunteers. Volunteers are only recruited directly by faculty or staff to work on a specific project for a specific time period with a defined set of responsibilities.

At this time, we are not accepting students for practicums or internships from educational programs outside of UCSF. Any activity specifically performed for academic credit or professional advancement is not considered volunteer service.

If you have not been recruited, there are still other opportunities to volunteer at UCSF. For more information, contact the Volunteer Services Department at UCSF Medical Center [1] at (415) 353-1196.

Zuckerberg San Francisco General Hospital and Trauma Center

Zuckerberg San Francisco General does not place volunteers in psychiatric care operations, but opportunities to volunteer time and effort in other parts of the hospital are plentiful in the service, clinical and research environments. For more information, visit the Zuckerberg San Francisco General Volunteer Department website [2].

San Francisco VA Medical Center (SFVAMC)

To learn about volunteer opportunities at SFVAMC, visit the SFVAMC Voluntary Service Office website [3], contact them at (415) 750-2144 or visit their office at 4150 Clement St., Bldg. 7, First Floor, Room 120.

UCSF Benioff Children's Hospital Oakland

Every year, more than 1,000 area volunteers work with UCSF Benioff Children's Hospital Oakland, some in the hospital itself, and others supporting us in the community through fundraising and outreach methods. For more information on becoming a volunteer, visit their website [4].

Volunteering at other locations

For inquiries about other locations, please contact us at psychiatryhr@ucsf.edu [5] or (415) 476-9580.
