

INTERNSHIP PROGRAM TABLES

Date Program Tables are updated: **07/07/2023**

Program Disclosures

As articulated in Standard I.B.2, programs may have “admission and employment policies that directly relate to affiliation or purpose” that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

<p>Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.</p>	<p align="center"><u> x </u> Yes <u> </u> No</p>
<p>If yes, provide website link (or content from brochure) where this specific information is presented:</p> <p align="center">https://psych.ucsf.edu/zsfg/casmctp</p>	

Internship Program Admissions

<p>Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:</p>
<p>The University of California, San Francisco (UCSF) Child and Adolescent Services Multicultural Clinical Training Program (MCTP) at Zuckerberg San Francisco General Hospital (ZSFG) offers an APA-accredited, one-year child clinical psychology internship, based on the Scholar-Practitioner Model. Our program is grounded in serving the needs of the local community with a commitment to research that is taught and valued particularly, though not exclusively, in the service of clinical practice. The MCTP is embedded in the Division of Infant Child and Adolescent Psychiatry in the UCSF Department of Psychiatry and Behavioral Sciences. ZSFG is a Level 1 Trauma Center and public service hospital committed to serving low-income and underserved communities. Clinical services are linked to the Community Behavioral Health System of the San Francisco Department of Public Health. Training provides experience across the entire developmental spectrum of 0- 24 years of age. The MCTP provides specialized training and leadership in multicultural psychology and works to break down barriers that families encounter in their attempts to access culturally appropriate, high-quality evidence-based care. Over the last several years, 89% of our graduates have obtained positions in academic health centers providing care to underserved children and families. The APA Commission on Accreditation (CoA) completed a site visit in August 2019 and the MCTP received the maximum 10-year reaccreditation following the 2019 site visit. Our next site visit is scheduled for 2029.</p>
<p>Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:</p>
<p>Total Direct Contact Intervention Hours: N Y Amount:</p>
<p>Total Direct Contact Assessment Hours: N Y Amount:</p>
<p>Describe any other required minimum criteria used to screen applicants:</p>
<p>NA</p>

Financial and Other Benefit Support for Upcoming Training Year
